

Ankeny Community Theatre  
Annual Membership Meeting  
September 8, 2016

Cheryl Clark, 2015-2016 president, called the meeting to order at 7:10 p.m.

Joel Anderson, secretary, read the minutes from the 2015 annual meeting. John Claes motioned and Susan Casber seconded to approve the minutes; motion passed.

Monte Engh, treasurer, presented the treasurer's report. He summarized ACT's assets (savings account, CDs), profit and loss statements, membership income (it increased over the previous year), season tickets (increased over the previous year), and summer camp revenue. Overall the report shows a loss of \$3,200 but that's not a true reflection of our status due to the ways of revenue earned and fees paid through Midwestix are accounted for. A difference from the previous year is that royalties are now being paid in advance, so the past year's financial statement reflects double payment (for that year and the next year).

Joel Anderson presented the budget for fiscal year 2016-2017. He described the financial review that ACT will have performed this year, which will strengthen ACT's position in applying for grants. Joel and Cheryl answered a question about the cost and need for a financial review.

**2015-16 Season Accomplishments**

Cheryl summarized accomplishments over the past season. ACT presented six productions. 21 new actors were on stage this year and we had over 20 new volunteers in other roles. ACT was included in the Cloris Leachman Awards for Theatre Excellence for the first time (that program is in its second year). Four volunteers attended the national American Association of Community Theatre conference to learn about marketing and development, tech, artistic visioning, and education. Summer camp and library programming were very successful, reaching over 350 children. The board held a planning retreat last fall, and made significant progress on developing a committee structure. Committees include non-board members. Various physical improvements were made at the theater, including by a group of volunteers from Wells Fargo that Doug Moon organized. ACT implemented an online ticket purchasing system, which has greatly improved efficiency for our all-volunteer organization; patrons can also buy tickets by phone through Midwestix. Midwestix also allows for online donations and season ticket sales, and enhanced reporting capabilities.
