Scott Nielsen (Assistant Director) has served on the Board of Directors, directed shows, and acted in multiple shows at ACT. His fondest memories will always be the times he spent with his daughters, Deven and Denae, during the many hours they spent growing up at the theater. He is grateful for having the chance to be a part of a show like this where families can attend and enjoy the show because we live in a family centered community. He would like to thank his family for their support and he would also like to thank all the ACT patrons for their support.

Becky Plager Harden (Producer) has been involved with ACT 20+ years. She has played many characters, directed and produced, served as backstage manager, operated lights, and much more. Becky recently ended her second term on ACT board and is excited about the changes taking place to help this be a community theater our patrons can be proud of. ACT is another family to her. She is excited to be working with such an experienced director and lovely person. Becky was recently married to Van Harden and has moved to Adel to star in a new role in their lives together.

Lisa Wagner (Lights) motto when doing technical work for performance shows is "Challenges? Well I eat those for breakfast". There's nothing better than working live shows because you never know what can happen! Lisa has been professionally doing tech directing [lights, sound, stage craft as well as over all event management] since 2002. Prior to making it her full time job, she spent several hours on the stage, ranging from singing and dancing most of her childhood-teen life and performing in some ACT shows such as *The Wizard of Oz* (1992), *Charlotte's Web* (2001) and *Lil Abner* (2002). Lisa's favorite role within the theater quickly became lighting designer as she worked with traveling Broadway Shows such as *1981* and *Porgy and Bess*, bands like Tonic Solfa, Rockapella, Pam Tillis, and Texas Tenors (from Americas Got Talent), different performing arts such as Moscow Circus, instrumentalist such as The Ahn Trio, and Grammy Award Winners Sweet Honey and the Rock and Vienna Boys choir just to name a very small few. As she maintained two theaters at Buena Vista University for ten years, she also became technical director for a 400 seat auditorium in Northwest Iowa for ten more years. Currently, Lisa designs Ankeny High School theater programs lights and occasionally lights choir performances but is ready for those challenges whenever a theater is in need. She loves being a technical director and one important thing she tells her tech crew is that "we are the performers biggest cheerleaders. We want to help make them sound and look their best and cheer them on in the process"... kinda like a fairy Godmother!

Matt Tuttle (Sound) serves on the ACT Board and has been seen on our stage in *A Few Good Men* and *A Christmas Chaos*. He's not really an "on stage" person but prefers to be in the background doing light design, running tech for shows, and helping build sets. Matt plays piano and occasionally develops video games for fun. He works at Active Interest Media as a Web Developer. "If you're ever looking to get involved with tech or some other behind-the-scenes work, I'd love to chat with you!"
